

## Invitation to the OLA Luxembourg conference, 26-27.10.2017

Dear colleagues and partners,

We kindly would like to invite you to the **OLA Luxembourg** (Closing conference of the Online Learning agreement).

Title: "Digitalising student mobility in the 21<sup>st</sup> century"  
Place: University of Luxembourg, Campus Belval, Luxembourg  
Date: **26 - 27.10.2017**  
Programm: Live demo of online tool and specific workshops for administrative and academic staff

The attendance is **free of charge**.

The OLA Luxembourg event is a step into the future of student mobility. The Learning Agreement Online System, a project led by the European University Foundation, is a digitalisation initiative that aims to reduce the administrative workload and facilitate student mobility. Since several semesters the University of Luxembourg is successfully using the OLA for incoming mobility. We will present a live demo of how an online version of the traditional Learning Agreement works - from the student's perspective, as well as the perspective of the Higher Education Institution (HEI). During the workshop sessions, participants will be able to thoroughly get to know the tool and understand how it can be used by International Officers, Erasmus academic coordinators, and students. You will also receive detailed information on how to deploy the OLA in your HEI.

### **REGISTER NOW!**

Programme with specific workshops/trainings for HEI staff **specialised in mobility/exchange programmes**
